Set up in 10 minutes

1. Print at **100% / "Actual size"** (turn off "fit to page"). Matte cardstock works best; plain paper folded in half works too.
2. Cut along the light gray center lines. Each sheet has 4 cards.
3. Fold each hint strip under along the dashed line, so the hint stays hidden until it's needed.
4. Hide the gift first, at the last spot, together with the final card.
5. Hide the other cards in reverse order, using the "Hide it at" column. Keep this sheet in your pocket.
6. Hand over the **Start here** card when it's time to play.

Safety first

- **Never hide clues inside hot appliances or the trash can.** No ovens, toasters, kettles, coffee makers, microwaves or stovetops. Put the card *beside* the appliance, never inside or on top while it might be on.
- **No climbing.** Every card stays reachable from the floor: no high shelves, chairs, stools or ladders.
- **Keep clear of** medicines, cleaning products, sharp tools, electrical outlets, cords, fireplaces, candles and pet areas.
- **Christmas tree:** tuck the card into a low, sturdy branch, away from lights and candles. Don't let anyone pull on the tree.
- **Collect every card afterwards** and count them against this sheet.

Stuck? Read out the hint, then say "warmer" or "colder".

Safety first

- **Collect every card afterwards** and count them against this sheet.
- **Outdoor spots and the car:** skip them on icy mornings, or go along.

Troubleshooting

- **Stuck on a riddle?** Start with the fold-under hint, then "warmer / colder", then name the room. Nobody should be stuck for more than about 3 minutes.
- **A card went missing?** Check this sheet for where it was hidden and simply say the next spot out loud.
- **Set up shortly before playing** and tell the rest of the house which spots are off-limits.
- **Make it an occasion:** a coffee or hot chocolate at the start, a Christmas playlist, and a phone ready for the finale.
